

Caliskan®

FREE STANDING CAST IRON WOOD BURNING STOVES WITH OVEN

The natural, vibrant texture of the cast iron surface provides a rustic yet elegant look.

Atmosphere,
heat and slow cooking!

-The oven has a clever air vent that expels cooking odors through the chimney connection inside the oven.

Model: 306

Model: 306-BOX

Model: 306-3D

Model: 306-3D-BOX

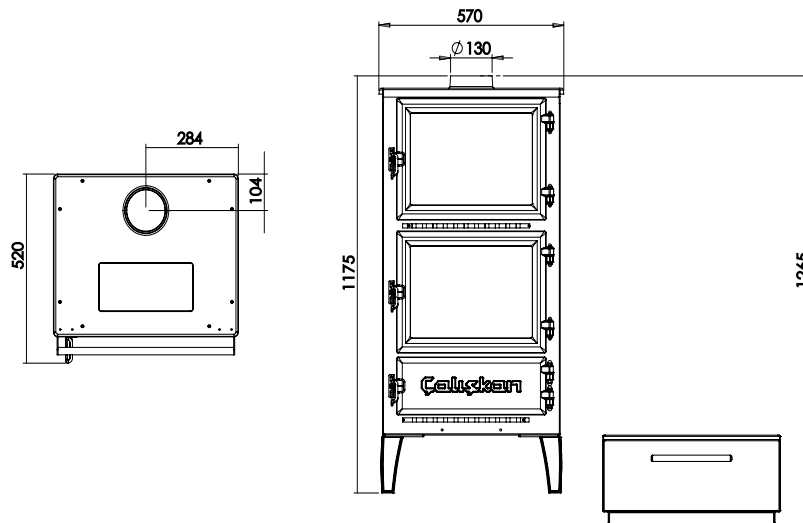

-Heat reflective (infrared) windows
We use thermal shock resistant ceramic glass with heat reflective infrared (IR) to circulate the heat in the firebox. It gives higher efficiency. Due to the increased heating of the interior of the glass-ceramic IR panel, the panel surface is less subject to soot formation.
